Dezi's Black Magic is out of the legendary Simmental Bull, Made Black. He combines the best of old genetics & a pedigree filled with calving ease. He has a great disposition & was halter broke at 5 months old. We believe this is the perfect bull to use on

This bull has been a standout since birth with his heavy muscling and masculinity. He's a son of the popular Genex sire, Impressive, and his dam is a 10 year old cow with a 104.6 MPPA. Adding this bull to your herd would be a great way to put this great cow's genetics to work in your herd. To see a photo of this bull's dam visit our website at [www.johnsonfamilycattle.com](http://www.johnsonfamilycattle.com)

Here's an embryo transplant son of the Genex sire Full Throttle & our outstanding 244 cow, who is a maternal sister to lot 112. Progeny & embryos from 244 are in 5 states & Canada. We've found Full Throttle to be the best mating yet. This bull is showing excellent growth & is certain to sire outstanding feeder calves or replacement females. To see a photo of this bull's dam & grand dam visit our website at [www.johnsonfamilycattle.com](http://www.johnsonfamilycattle.com)
